**Description:**

*Phonics and Word Study for the Teacher of Reading* is a self-paced, self-instruction program designed to help teachers independently develop a comprehensive background in phonics, syllable

and accent patterns, onset-rime, the morphemes that contribute to word meaning, and phonological and phonemic awareness. The unique structure of the book is set up to ensure learning success through a careful sequence of material that guides readers through the material, coupled with a number of pedagogical aids that check reader understanding at various stages in the learning process. Throughout the book, readers see how to connect the information they're studying with grade-specific learning expectations described in the Foundational Skills strand of the Common Core State Standards.
