Description:

The most learner-centered and assessment-driven text available

Throughout REVEL™ for *Psychology*, Sandra Ciccarelli and J. Noland White employ a learner-centered, assessment-driven approach that maximizes student engagement, and helps educators keep students on track. The authors draw students into the discipline by showing how psychology relates to their own lives. Clear learning objectives, based on the recommended APA undergraduate learning outcomes, guide students through the material. And assessment tied to these learning objectives lets students check their understanding, while allowing instructors to monitor class progress and intervene when necessary to bolster student performance.

REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, REVEL is an interactive learning environment that enables students to read, practice, and study in one continuous experience — for less than the cost of a traditional textbook.

NOTE: REVEL is a fully digital delivery of Pearson content. This ISBN is for the standalone REVEL access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use REVEL.
